

FACTS AND FIGURES

ETHIOPIA FOOD APPEAL

1. National Population: +/- 65 million
2. Drought Affected Population : at least 6 million.
3. Areas Most Affected: Northern and Eastern Regions
4. Food Reserves expected to run out by end of October 2002
5. Response from International Sources very low making timeliness of deliveries very precarious.

What Individual Contributions can do !!

- One quintal (100 kg) of Teff can feed a family of six for 2 to 2.5 months eating Injera thrice a day
- Price of One quintal of Teff ranges from 200 to 320 Birr
- Donation of US\$ 100 buys minimum Four (4) quintals of Teff
- Donation of US\$ 100 buys enough Teff to feed family of six for 8 months or can feed about 50 people for one month

How can we contribute

1. One time payment
2. Pledges of X units of US\$ 50 for Y months
3. Pledges of X quintals of Teff for Y months
4. Pledges to organize fundraising activities.
5. Pledges to transport food (including petrol)
6. Pledges of household and other goods to raise funds
7. Long-term 1% pledge deductible monthly.

Pledges by just 30 ECA Professional Staff members for three consecutive months can:

- Raise US\$ 1500 per month assuming US\$ 50 per person.
- Buy 60 quintals of Teff (6000 kg) per month.
- Feed 40 families of six for 3 months
- Feed 120 families of six for one month.
- Feed about 250 drought affected neighbours for 3 months.
- Feed about 750 drought affected neighbours for one month.
- Each donation can feed 25 neighbours for one month.
